

**MIDVALE MILLIONS TO HELP EMPLOYEES**

Steel Company Directors Approve Plan to Advance Money for Buying Homes

**IMPROVEMENTS AUTHORIZED**

A fund of \$5,000,000 for reconstruction work at its various plants, the establishment of a pension system for employees and the adoption of a plan to help employees to own their own homes are among the things authorized by the board of directors of the Midvale Steel and Ordnance Company.

Under the terms of the home-buying plan, the company promises to advance to any employee 90 per cent of the cost of any property he may purchase as his home. The loan may be repaid in installments over a period not exceeding twelve years.

After the new pension system goes into effect, any employee may retire at the age of sixty-five, and must retire at seventy. The amount of his pension will be based upon the number of years he has been working for the company and the average amount of his earnings during that time.

The \$5,000,000 plant improvements will be spent mostly in Johnstown and Coatesville, although alterations will be made at the Nicoret plant, where electric furnaces will be installed and the bar mills rearranged for more efficient production of tool steel and other specialties.

**CARDINAL CALLS HEIRARCHY**

Head of Catholic Church in U. S. Summons Leaders to Conference

Cardinal Gibbons, chairman of the general committee on Catholic affairs, has issued a call for the meeting of the entire Catholic hierarchy of the United States at the Catholic University in Washington September 24. The meeting will be the first of its kind to be held since the third plenary council of Baltimore in 1884.

The general purpose of the conference will be to organize committees to study and work for the welfare of church and country, particularly along social and educational lines. It will discuss not only purely ecclesiastical questions, but social and educational problems involved in legislation under consideration by Congress, and will formulate a uniform Catholic plan to coordinate as far as possible all diocesan activities.
